WATER QUALITY MANAGEMENT PLAN

WHAT IS A WQMP?

A WQMP is a written document indicating what structural and non-structural "best management practices" will be incorporated into the project, both design and operation characteristics, to control pollutant runoff into the storm drain system over the life of the project. Contact the Public Services Department at (714) 754-5323 for more information about this requirement.

WHY ARE THEY REQUIRED?

In response to the Federal Clean Water Act of 1987 and the National Pollution Discharge Elimination System (NPDES) permit requirements, the City of Costa Mesa requires the Water Quality Management Plan (WQMPs) for certain types of projects. The intent is to reduce the content of storm water runoff to the maximum extent possible.

WHAT TYPE OF PROJECT REQUIRES A WQMP?

1. All construction projects, which require discretionary approval by the City of Costa Mesa, shall be required to submit a WQMP for approval by the City prior to the issuance of building permits.
2. All subdivisions of land shall be required to submit a WQMP for approval by the City prior to recordation, if determined applicable by the City.

SEISMIC HAZARD MAP ACT SUMMARY

WHAT IS REQUIRED?

The State's minimum criteria for project approval within Seismic Hazards Zones are defined in the California Code of Regulations (CCR Section 3724 (b)). The following is a summary of the criteria that shall be used by the City of Costa Mesa:

1. A project shall be approved only when the nature and severity of the seismic hazards at the site have been evaluated in a geotechnical report and appropriate mitigation measures have been proposed.
2. The geotechnical report shall be prepared by a registered civil engineer or certified engineering geologist.*The geotechnical report shall contain site-specific evaluations of the seismic hazard affecting the project, and shall identify portions of the project site containing seismic hazards. The report shall also identify any known off-site seismic hazards that could adversely affect the site in the event of an earthquake. The contents of the geotechnical report shall include, but shall not be limited to, the following:
 - Project description.
 - A description of the geologic and geotechnical conditions at the site, including an appropriate site location map.
 - Evaluation of site-specific seismic hazards based on geological and geotechnical conditions, in accordance with current standards of practice.
 - Recommendations for appropriate mitigation measures as required in Section 3724(a), above.
 - Name of report preparer(s) and signature(s) of a certified engineering geologist and/or registered civil engineer.*
3. Prior to approving the project, the City of Costa Mesa, or a City-selected consultant,* shall independently review the geotechnical report to determine the adequacy of the hazard evaluation and proposed mitigation measures and to determine that the requirements of Section 3724 (a) above, are satisfied.

*Having competence in the field of seismic hazard evaluation and mitigation

(Above criteria from the "Guidelines for Evaluating and Mitigating Seismic Hazards in California" – March, 1997)

These fees are subject to change; therefore, please contact the responsible City Division or agency for the current rate.

City of Costa Mesa Traffic Impact Fees

The City of Costa Mesa assesses a traffic impact fee on an incremental basis. The fee is assessed as follows:

Traffic Impact Fee Schedule Effective November 21, 2005	
EXISTING PLUS PROPOSED AVERAGE DAILY TRIP ENDS (ADT)¹	TRAFFIC IMPACT FEE¹
0-25 ADT	\$0/ADT
26-50 ADT	\$50/ADT for incremental trips exceeding 25 ADT.
51-75 ADT	\$75/ADT for incremental trips exceeding 50 ADT.
76-100 ADT	\$100/ADT for incremental trips exceeding 75 ADT.
101 ADT OR MORE	\$181.00 per average daily trip.
1. For the determination of the appropriate incremental traffic impact fee rate, the existing ADT (if applicable) plus the proposed new ADT are combined together. The traffic impact fee is assessed on the increased number of average daily trips generated by the proposed project. Any and all questions regarding the City's traffic impact fee should be directed to the City's Transportation Services Division, located on the 4 th floor of City Hall.	

City of Costa Mesa Parkland Impact Fees

The City of Costa Mesa recently approved an increase in its parkland impact fees. The new parkland impact fees will be incrementally increased over a 3-year period. The following table indicates the applicable parkland fee per unit that will be applied to a new residential subdivision based on the date the application is filed with City.

Parkland Impact Fee Schedule
